

## How Much Plastic Do You Eat Everyday? The Science Behind Microplastics!

(Discussion Questions)

How has plastic revolutionized our society?

Plastic can be seen as both a **blessing** and a **curse**. Can you think of instances for both sides?

What do you think of when you hear the term **microplastics**?

Have you ever eaten plastic? If so, when, and in what ways?

Every one of us consumes plastic everyday. Can you think of how this might be happening?
